EXPERIENCE

STUDY GOLANG ✦

6/2023
BACKEND

I have been trained on a few Golang projects at my old company and have also studied more at home

VIEON COP OF DATVIETVAC ✦

3/2023-11/2023/

FRESHER FRONTEND SOFTWARE ENGINEER

I have worked at Vieon, a company specializing in product development.I have experience in developing web applications Sand apps for smart TVs. Working at Vieon has provided me with valuable insights into project management, deploying solutions frontend-users,and implementing CI/CD processes.

KNOWLEDGES

NextJS JQuery Hook Typescript ReactJs

Thunk Bootstrap Material Tailwind Css

NodeJS MySQL MongoDB git jira figma

Golang

HOBBIES

🎧 ⚽ 🏀

ABOUT ME

I have some programming experience, including building front-ends (using ReactJs, NextJS, and TypeScript), as well as some back-end experience (NodeJS, Postgresql, MySQL, MongoDB,Golang …).
I have good time management skills, so I will handle tasks effectively. My communication skills are also good. I currently hold the title of a junior front-end developer and am committed to continuously improving my skills and expertise in this field.

EDUCATION

TON DUC THANG UNIVERSITY ✦ / 2019-2023 /

I am studying at the university in the computer science field, so I can understand and analyze data, including big data, and I have completed numerous projects related to web development, data analysis, and big data.
